

HUSSMANN CORPORATION WARRANTY

Self-Contained Case 1 Year Compressor Warranty

Models covered:

MD

Hussmann Corporation agrees to reimburse the actual cost of a purchased compressor from the nearest compressor manufacturer's authorized wholesaler for 12 months from factory ship date. This 12-month warranty extends to any model covered in any of the Hussmann self-contained warranty policies. The agreement to reimburse is applicable to the **original OEM compressor only, totaling 1 compressor replacement** for the full 12-month duration of this warranty. This warranty does not include any other components or materials. No service or labor charges related to or incidental to the compressor replacement will be covered during this period, outside of the standard OEM Policy terms noted for the applicable Self-Contained model OEM warranty. The commitment of reimbursement must be proven to the satisfaction of Hussmann that the compressor is inoperative due to defects in the factory workmanship or material under normal use and service. Hussmann reserves the right to inspect the jobsite, installation, and reason for failure, as well as obtain failure analysis from the compressor supplier as a condition precedent to honoring any warranty.

To obtain a compressor under this warranty, the customer's service provider is required to go to the nearest compressor manufacturer's authorized wholesaler. Should the said failed compressor be under the compressor manufacturer's coverage, it would be exchanged at no cost by the authorized wholesaler to the customer's service provider once failed compressor is returned to the wholesaler location. Should the said failed compressor fall outside the compressor manufacturer's coverage, the customer's service provider is required to purchase the compressor, return the failed compressor to the authorized wholesaler for core credit if applicable, and submit the claim with Hussmann with the final bill of sale (noting the core credit if applicable and without markups) for reimbursement consideration. The equipment serial number, failed compressor serial number and model, and the replacement serial number and model must be submitted on the claim. All claims must be submitted for review within the Hussmann claim filing guidelines. For filing guidelines and other applicable warranty policies, go to the Hussmann website for this information: www.hussmann.com – click on "warranty" and open WARRANTY CLAIMS FILING & SYSTEM GUIDELINES.
